

40 Years
of sun protection

Jonny Bairstow becomes Uvistat brand ambassador.

Boston Healthcare are proud to announce that **Jonny Bairstow, Yorkshire County Cricket and England International Wicket Keeper**, is to be the brand Ambassador for the Uvistat Sun Care range, featuring on the brands advertising and digital marketing campaigns and appearing in person at selected events during 2015.

Colin Darroch Managing Director said, **“Jonny is the perfect fit for Uvistat with his fair complexion and the time he spends in the sun playing cricket. We look forward to working with Jonny during the 2015 season.”**

Bairstow added, **“I am delighted to be working with Boston Healthcare across their Uvistat sun care range. As a professional Cricketer, we have to be conscious of the risks associated with being in the sun for prolonged periods of time and sun protection plays a big part in match preparation. With Uvistat’s reputation and five-star rating I know I am in safe hands.”**
